

JOB TITLE

Digital Media Producer

COMPANY

MediaSphere Albania

LOCATION

Tirana, Albania

TYPE

Full-Time

SUMMARY

MediaSphere Albania is seeking an experienced Digital Media Producer to support multimedia content development, editorial coordination, and digital publishing operations. The selected candidate will contribute to the production of engaging media content across web platforms, social media channels, and multimedia distribution formats.

This role requires a media professional with practical experience in digital storytelling, video production coordination, audience engagement strategies, and content management systems. The ideal candidate should demonstrate strong editorial judgment, multimedia production knowledge, and the ability to manage fast-paced publishing workflows.

RESPONSIBILITIES

- Coordinate production and publishing of digital media content across online platforms.
- Collaborate with journalists, editors, and creative teams during multimedia project development.
- Edit and optimize digital content including articles, video segments, and social media materials.
- Support video production workflows involving scripting, recording coordination, and post-production planning.
- Monitor audience engagement metrics and assist with digital growth strategies.
- Manage content scheduling and publishing processes through CMS platforms.

- Ensure media content complies with editorial guidelines and quality standards.
- Assist with live event coverage and multimedia reporting activities.
- Coordinate communication with external contributors, freelancers, and production partners.
- Participate in editorial planning meetings and content strategy discussions.

REQUIREMENTS

- Bachelor's degree in Journalism, Media Studies, Communication, or related field.
- Minimum 2–4 years of professional media or digital content production experience.
- Experience working with CMS platforms and social media publishing tools.
- Familiarity with Adobe Premiere Pro, Photoshop, Canva, or related multimedia software.
- Strong writing, editing, and communication abilities.
- Understanding of digital audience engagement and media analytics.
- Ability to manage deadlines and multitask within dynamic newsroom environments.
- Strong organizational and collaboration skills.
- Fluent English communication skills.

PREFERRED QUALIFICATIONS

- Experience producing video or podcast content.
- Familiarity with SEO principles and digital publishing strategies.
- Experience covering cultural, political, or business-related topics.
- Knowledge of multimedia storytelling trends and audience development techniques.
- Experience working in online media organizations or broadcasting environments.
