

Clinical Pharmacist

MedCare Hospital Group
Tirana, Albania
Full-Time

About the job

MedCare Hospital Group is seeking a dedicated and detail-oriented Clinical Pharmacist to join our healthcare team in Tirana. This position is ideal for professionals with practical pharmacy experience who are passionate about patient care, medication safety, and interdisciplinary healthcare collaboration.

MedCare Hospital Group operates modern healthcare facilities providing medical services across multiple specialties including internal medicine, surgery, cardiology, and emergency care. Our organization values patient-centered healthcare, professional integrity, and continuous improvement in pharmaceutical services.

As a Clinical Pharmacist, you will work closely with physicians, nurses, and healthcare staff to ensure safe medication management, accurate prescription review, and effective pharmaceutical care for patients. You will also contribute to medication counseling, treatment optimization, and healthcare compliance procedures.

What You Will Do

- Review and verify prescriptions to ensure medication safety and accuracy.
- Provide pharmaceutical recommendations to physicians and healthcare staff.
- Counsel patients regarding medication usage, dosage instructions, and potential side effects.
- Monitor patient medication therapy and identify potential drug interactions.
- Maintain accurate pharmaceutical records and inventory documentation.
- Ensure compliance with healthcare regulations and pharmaceutical safety standards.
- Participate in medication management and quality improvement initiatives.
- Assist with procurement and inventory control of pharmaceutical products.
- Support healthcare teams during patient treatment planning discussions.

- Contribute to patient education and awareness initiatives regarding medication safety.

What We Are Looking For

- Bachelor's or Master's degree in Pharmacy.
- 2–4 years of professional pharmacy experience.
- Strong understanding of pharmacology, medication management, and healthcare regulations.
- Excellent attention to detail and analytical abilities.
- Strong communication and patient counseling skills.
- Ability to work effectively within multidisciplinary healthcare teams.
- Familiarity with pharmacy management systems and healthcare documentation procedures.
- Fluent English communication skills.

What We Offer

- Competitive compensation package and healthcare benefits.
- Professional development and clinical training opportunities.
- Collaborative and patient-focused working environment.
- Exposure to modern healthcare technologies and pharmaceutical systems.
- Career advancement opportunities within the organization.
- Supportive and professional medical team culture.

MedCare Hospital Group is an equal opportunity employer committed to professional excellence, patient safety, and healthcare innovation.
