

JOB TITLE

Senior Regulatory Affairs Pharmacist

COMPANY

AlbaPharma Solutions

LOCATION

Tirana, Albania

TYPE

Full-Time

SUMMARY

AlbaPharma Solutions is seeking an experienced Senior Regulatory Affairs Pharmacist to oversee pharmaceutical compliance, regulatory documentation, and product registration activities for local and international pharmaceutical operations. The selected candidate will work closely with regulatory authorities, healthcare institutions, and internal quality management teams to ensure full compliance with pharmaceutical regulations and industry standards.

This role requires a highly organized professional with strong expertise in pharmaceutical legislation, regulatory affairs processes, and quality assurance procedures. The ideal candidate should possess leadership capabilities, analytical thinking skills, and experience managing complex pharmaceutical documentation and compliance activities.

RESPONSIBILITIES

- Manage pharmaceutical product registration and regulatory submission processes.
- Prepare and review technical dossiers, compliance documentation, and regulatory reports.
- Ensure pharmaceutical operations comply with Albanian and European regulatory standards.
- Coordinate communication with regulatory authorities and external healthcare agencies.
- Support internal quality assurance and pharmacovigilance procedures.
- Monitor updates in pharmaceutical legislation and advise management regarding regulatory changes.

- Review packaging, labeling, and product information documentation for compliance accuracy.
- Participate in internal audits and regulatory inspection preparation activities.
- Collaborate with manufacturing, distribution, and medical affairs departments regarding compliance procedures.
- Mentor junior regulatory and pharmaceutical staff members.

REQUIREMENTS

- Bachelor's or Master's degree in Pharmacy.
- Minimum 5 years of professional experience in pharmaceutical regulatory affairs or quality management.
- Strong understanding of pharmaceutical regulations, compliance standards, and registration procedures.
- Experience preparing regulatory submissions and technical documentation.
- Knowledge of Good Manufacturing Practices (GMP) and pharmacovigilance procedures.
- Excellent organizational, analytical, and communication abilities.
- Ability to manage multiple regulatory projects simultaneously.
- Strong written and verbal communication skills in English.

PREFERRED QUALIFICATIONS

- Experience working with international pharmaceutical companies.
- Familiarity with European Medicines Agency (EMA) guidelines.
- Knowledge of pharmaceutical quality management systems.
- Regulatory affairs certification or additional pharmaceutical compliance training.
- Experience managing pharmaceutical audits and inspections.
