This position requires strong interpersonal communication skills, empathy, and the ability to manage sensitive situations professionally.

Main Responsibilities

- Conduct client intake interviews and assess social support needs.
- Develop individualized support plans and coordinate referral services.
- Assist families and individuals with accessing healthcare, education, employment, and social welfare resources.
- Maintain confidential client records and case documentation.
- Participate in community outreach and awareness activities.
- Collaborate with schools, healthcare providers, and local institutions regarding support services.
- Provide emotional support and guidance to clients experiencing difficult life situations.
- Assist with organizing workshops and social awareness initiatives.
- Monitor client progress and prepare case reports for supervisors.

Qualifications

- Bachelor's degree in Social Work, Sociology, Psychology, or related field.
- Strong communication and active listening skills.

- Ability to work with vulnerable populations professionally and empathetically.
- Good organizational and documentation abilities.
- Understanding of social welfare systems and community support principles.
- Fluent English communication skills.

Benefits

- Supportive and collaborative work environment.
- Professional training and development opportunities.
- Exposure to community-focused social support programs.
- Career growth opportunities within the organization.
